Dear Mr. Gould

Re-Certification- AS 9100C & ISO 9001:2008

We have great pleasure in enclosing herewith your organization's renewed Certificate of Registration.

As a supplementary service, your certification details will be entered in to the Academy of Certified Businesses' (ACB) commercial website database, to ensure your registration is widely advertised. The website database is known to be used by many companies, which have a policy of using certified suppliers and as such, the database is a useful tool in the compilation of approved supplier listings. However, if you do not wish to have your details entered in to website database, please notify us in writing within ten working days.

Should you wish to use the Certification Logo(s) for sales and marketing purposes, please obtain your free logo(s) via our website.

Once you have entered the website, select "Privacy and Marks" (at the bottom of the page) - please read the regulations concerning the use of the logos before entering your certificate number in the "field" provided.

Certificate Number Example: 01234/A/0001/UK/EN

The first surveillance visit of your new registration period has been planned for July 2016, at which time the auditor will be checking your systems are being maintained.

We would be grateful if you would take the time to complete the On-Line Client Feedback Questionnaire – this can be found when you login to the website to download your logos (see www.urs-certification.com – Privacy and Marks).

Finally, we trust that all is satisfactory, but should you require additional information please do not hesitate to contact this office. Congratulations on achieving this award; we acknowledge the hard work that your organization has undertaken to obtain this certificate.

Yours sincerely

Operations
